Course Description

Course Description:
Second of two professional courses that provide a comprehensive treatment of financial reporting topics. Both courses focus on the conceptual, procedural and regulatory issues involved in preparing and understanding corporate financial statements. ACT 312 includes a detailed examination of rules and principles pertaining to intangible assets, investments, liabilities, stockholders' equity and statement of cash flows. (The first course, ACT 311, includes a study of current assets and fixed assets.)

Prerequisite:
ACT 311 with minimum "C" grade, Junior Standing

Course Credits:
3

Required Text:
Intermediate Accounting, Kieso, Weygandt and Warfield. 15th edition, John Wiley

- Required Materials:**
- Class handouts and postings on the myCourses website.
 - Access to Wiley Plus website (comes with the textbook at the bookstore).
<http://edugen.wileyplus.com>

Course Objectives

- Evaluate the structure and purpose of external financial statements, including how such statements are prepared and how such statements are analyzed and interpreted.
- Extend your knowledge of primary issues of external reporting, including the structure of GAAP, the conceptual framework of accounting, and the meaning and measurement of net income and financial position.
- Recognize classification, valuation and reporting issues related to liabilities and stockholders' equity.
- Develop problem solving and critical thinking skills.

Communication Plan

Expectations for electronic communication

Please use email ***ONLY*** when the subject is of a personal and confidential matter. If the question you ask is of a nature that even one other person in the course could benefit from the answer, post the question in the appropriate discussion board forum.

I check my email daily Monday through Friday during normal business hours only. You can expect a reply from me via email within 24 hours during the work week. You ***may*** get an email reply during the weekend, but that would be an exception not the rule.

- a. Please **use your umassd email account** when sending correspondence by email.
- b. If you send me a message, the subject line should start with your course and semester. Example: "ACT 312 **online F17** – full name – question on first exam." Please make sure to include "**online**" in the subject line.
- c. Make sure you give me your **full name** in your message. Please don't make me figure it out according to your email address.

I will also check the discussion forums daily during the work week. I will post often during the first weeks of the course and then drop off in Activity while expecting participants to fill any void. Rest assured however, I ***will*** be participating in what I hope will be lively discussions and will ***always*** reply to any discussion comment directed specifically at me.

Time Considerations

Students should be prepared to spend a minimum of 3 hours a week on reading and on course assignments. While you may feel that I'm displaying a lot of information to you on a weekly basis remember that in a traditional "live" course you would be coming to class for 3 hours and then spending an additional 3-6 hours (at least) outside of class on assignments and reading. In our online course environment my expectation is that you will be spending those 3 "class hours" on your own, working on the concepts that you would usually get in a live lecture. Please be sure to budget your time accordingly!

Substantive participation should:

- Add value to the discussion and avoid simply repeating, agreeing with, or answering yes or no to peer's comments
- Challenge comments in class, including those of the facilitator
- Ask insightful questions
- Answer other people's questions

- Exemplify the point with real-life events, when possible
- Make comments that are relevant to the course content and objectives

Things to keep in mind as you write discussion posts and communicate with other students:

- Share an experience that is related to the discussion. Comment on other participants’ experiences that are related to the course.
- Ask others questions about their ideas and experiences that are related to the course
- Challenge a point that another participant made in a respectful manner. Offer a different perspective on an idea that is being discussed
- Give insights gained from readings that were assigned for the week. If you need more information, ask the participants a question about the week's reading
- Discuss a work issue that is related to the course or discussion and ask for feedback
- Relate how you have applied what you have read, learned or discussed regarding the course to your personal and professional life
- Share another resource such as Web links, books, etc. that you have used to answer other participants’ questions or as you explore the topics of the course (as it is a violation of copyright law to copy the actual page)

Methods of Instruction

Evaluation and Grading Breakdown:

- **Three examinations: (24% + 24% + 24%) 72%**
- **Homework: 13%**
- **Attendance/Participation 5%**
- **Quizzes: 10%**
- **Total: 100%**

Three examinations consist of multiple-choice questions and comprehensive problems. Homework is conducted at the WileyPlus website, most of which are hands-on exercise to help you practice the accounting concepts and techniques you learn in this course. Quizzes are made of multiple-choice questions.

Late Assignments:

Late homework policy. If you turn in your homework one business day late, you will lose 25 out of 100 points. If you turn in your homework two business days late, you will lose 50 out of 100 points. After two business days, late homework will not be accepted.

Attendance Policy

You are expected to participate in online discussion by the specified deadline every week. This is counted as attendance/participation credit.

Incomplete Policy

According to the university catalogue, an incomplete may be given only in exceptional circumstances at the instructor's discretion. The student must be passing at the time of the request or be sufficiently close to passing. If the work is not

completed within one year of the recording of the incomplete grade, the grade will become an F(I). The incomplete policy for this course is that at least 70% of the course must be already completed and an exceptional circumstance (i.e. medical issue) must exist. If you feel you require an incomplete for an exceptional reason, you need to email me and state your reasons for the incomplete in writing. We will then decide on a course of action.

Course Conduct

UMass Dartmouth policies regarding equal opportunity, discrimination, harassment, and sexual violence apply to all learning environments wherever they are located and from wherever they are taught. This applies to all UE face-to-face, off campus, blended, and online courses. Please see the Office of Diversity, Equity & Inclusion brochure for information at <http://www.umassd.edu/studentaffairs/departments/studentconductanddisputeresolution/studentcodeofconduct/>.

Student Academic Integrity Policy

All UMass Dartmouth students are expected to maintain high standards of academic integrity and scholarly practice. The University does not tolerate academic dishonesty of any variety, whether as a result of a failure to understand required academic and scholarly procedure or as an act of intentional dishonesty.

A student found responsible of academic dishonesty is subject to severe disciplinary action which may include dismissal from the University. The procedure for responding to incidents of academic dishonesty may be found in Section III of this document. You may also refer to the Student Handbook for information about the judicial process.

A high standard of academic integrity promotes the pursuit of truth and learning and respect for the intellectual accomplishments of others. These are values that are fundamental to the mission of this University. Such values are undermined by academic dishonesty.

Academic freedom is a fundamental right in any institution of higher learning. Honesty and integrity are necessary preconditions of this freedom. Academic integrity requires that all academic work be wholly the product of an identified individual or individuals. Joint efforts are legitimate only when the assistance of others is explicitly acknowledged and deemed appropriate by the instructor of the course. Ethical conduct is the obligation of every member of the University community, and breaches of academic integrity constitute serious offenses.

Maintenance of the standards of academic integrity and the successful administration of this policy depend on the mutual cooperation of faculty and students.

Faculty cooperation is essential for successful application of the procedures defined by this Academic Integrity Policy. Faculty members promote academic integrity by making clear on their syllabi their expectations concerning homework assignments, collaborative student efforts, research papers, examinations, computer-based infractions, and the like. Efforts should be made to detect and to prevent cheating and plagiarism in all academic assignments. If faculty members have evidence of academic dishonesty, they are expected to report such evidence promptly.

Students must assume responsibility for maintaining honesty in all work submitted for credit and in any other work designated by the instructor of the course. Students are also expected to report incidents of academic dishonesty to the instructor or dean of the instructional unit.

The intent of this policy is to make clear the standards of academic integrity at UMass Dartmouth.

*For additional information on violations, infractions, and consequences visit the UMass Dartmouth Student Academic Integrity Policy at the link below.
